Please contact our family physician first - **Doctor's Name:** \_\_\_\_\_ **Phone** \_\_\_\_\_

If hospital services are necessary, our information is: \_\_\_\_\_

(Insurance Provider & Policy #)

Special medical information regarding my child, such as medications needed during the morning hours, allergies, play restrictions, etc.: \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

.....

My child, \_\_\_\_\_, has my permission to participate in activities and be videotaped as part of any related lesson plan with the Sedalia Elementary Enrichment Program. I understand I will be notified in advance of any such activity.

**Parent/Guardian** \_\_\_\_\_ **Date** \_\_\_\_\_

**SELECT SUMMER SCHOOL OFFERINGS FROM THE REVERSE SIDE**

**PLEASE MAKE SELECTIONS BY NUMBERING CHOICES 1-5 WITH 1 BEING THE COURSE YOU WANT THE MOST AND CONTINUE DOWN TO 5.**

Note: Grade level reflects the student's current grade level

Please indicate if you wish your child to attend during only one session or both (check both if your child will attend 8 am - 12 pm) **Not all courses will be offered both sessions**			
<input type="checkbox"/> Session 1: 8:00 am - 9:55 am <input type="checkbox"/> Session 2: 10:05 am - 12:00 pm			
# 1-5	Course Title	Course Description	Grade Level
<b>CORE BUILDER COURSES</b>			
Current 7th & 8th grade students have the option to utilize a core builder class to improve their <b>2024-2025 4th quarter grade</b> in the corresponding class (only applies to students receiving an "F"). Please contact your counselor for more information if interested.			
	ELA Core Builder	For current 6-8 grade students to build their reading and writing skills and be better prepared for school next year.	6, 7, 8
	Math Core Builder	For current 6-8 grade students to build their math skills and be better prepared for school next year.	6, 7, 8
	Science Core Builder	For current 6-8 grade students to build their science skills and be better prepared for school next year.	6, 7, 8
	Social Studies Core Builder	For current 6-8 grade students to build their social studies skills and be better prepared for school next year.	6, 7, 8
<b>Enrichment Course Offerings</b>			
	Robots for Rookies	Jump into robotics with hands-on projects and challenges! Explore how gears, levers, and ratios create movement, then design, build, and code your own robot. Whether programming simple tasks or solving challenges, you'll build problem-solving and engineering skills while bringing your robot to life!	6, 7, 8
	Drone Legends	Learn to fly and code TELLO drones in this hands-on course! Master key maneuvers, then use DroneBlocks to program your drone for tasks and obstacle courses. Explore engineering and physics while gaining coding and problem-solving skills. Perfect for beginners and drone enthusiasts alike!	6, 7, 8
	Cursive Writing Fun	Ditch the keyboard and bring your handwriting to life! Learn to write cursive, connecting both uppercase and lowercase letters. Apply your skills in fun projects, and create a final piece like a letter or poem. Get ready to write with style and creativity!	6, 7, 8
	LEGO Camp	Design, program, and build robots in this hands-on three-week camp! Use motors, sensors, and brain bricks to create robotic creations while learning coding and engineering fundamentals. Whether you're a beginner or LEGO® pro, unleash your creativity and explore the future of robotics!	6, 7, 8
	Creative Myths	Explore the fascinating world of mythology through reading and creative expression! Students will dive into classic myths, reimagining the stories through their own artistic projects, such as comics or retellings. By connecting literature and art, they'll bring ancient tales to life in a way that's engaging and relevant to today's world. Whether through writing or drawing, students will develop their creativity while discovering the timeless power of myths!	6, 7, 8
	Intro to Graphic Design	Unleash your creativity in this hands-on graphic design course! Create logos, t-shirts, and vinyl decals while learning the 8 elements of design. Use digital tools to bring your ideas to life and apply math and language arts skills in a fun, creative way. Leave with your own brand and design skills!	6, 7, 8
	Money Matters	Learn essential money management skills in this hands-on course! Using Dave Ramsey's principles, students will practice budgeting, saving, and managing real-life expenses like rent and insurance. Through role-play and tools like MOConnections.org, they'll explore the true cost of living and develop smart financial habits. By the end, students will be ready to set savings goals and make informed financial decisions for their future!	6, 7, 8
