*ACT Apps*

## Benefits of ACT Apps

- ACT Apps can help you improve your score on the ACT.
- They have full length practice tests to build confidence before the test.
- They can help improve your test-taking habits by facilitating a regulated study schedule.
- Some apps customize based off of your strengths and previous scores.

## Detriments of ACT Apps

- ACT Apps can not solely be used alone to reach target scores.
- They often don't teach useful test-taking strategies.
- They aren't customized to your skill level.
- ACT Apps are typically not effective at determining weak points

The screenshot shows the Magoosh app interface. At the top, the Magoosh logo is visible. Below it, a navigation bar shows 'Mixed Practice V'. The main content area displays a flashcard with the text: 'True. A square is a special case in the category "rhombus." A square is a rhombus that also happens to be a rectangle.' Below the text are two buttons: a green one labeled '✓ I knew this card' and a red one labeled '× I didn't know this card'. At the bottom, there are three progress bars: 'You have mastered 24 out of 38 cards' (green bar), 'You are reviewing 3 out of 38 cards' (orange bar), and 'You are learning 1 out of 38 cards' (red bar).
