

Aqua Team November Newsletter

We will be exploring the changes in nature during the fall season. After going on an outdoor scavenger hunt, students will be using their found items to sort and graph by color and make their own leaf artwork. We will once again be doing our Friendsgiving with Purple and Pink team. Students will practice social skills, try new foods, and enjoy time with their friends. We will also be baking some pumpkin treats for our feast. (Pie anyone?!)

Please send your child in weather appropriate clothing (coats, gloves, hats, etc.). We go out to play anytime the temps and weather allow!
