Bus

Airplane

Boat

Car

Up

Down

Fast

Slow

Go

Stop

Transportation - Things that Go!

What goes in the air? What moves on the ground? How do we get to the store? Transportation is everywhere. We will be talking about vehicles and how they move - fast, slow, up, down. How many can you spy when you're out and about?!

First Week of March Fun!

Dr. Suess recently had a birthday. We will be participating in a fun filled week of wackiness! Please review each day and help your child be an active participant.

March Sensory Bin Ideas

Lucky charm sort! - All you need is a box of lucky charms and cups. Sort marshmallows from cereal and then have a sweet treat.

Make your own march sensory box - Colored rice for your base, shamrock items, large gold coins, fuzzy pom poms (hello Dollar Tree!). This is great for fostering awareness - shamrocks and St. Patrick's Day items will soon be everywhere!
